SCUDDER FAVORS ALL-YEAR HARBOR

Commits Himself To Inland Waterways Development

Hubert B. Scudder, leading candidate for congress, whose name appears on both Republican and Democratic ballots for the June 1 election, has declared himself emphatically in favor of "immediate construction of the Noyo breakwater."

"The northern coast of California comprises some of the finest fishing grounds in the United States," he said. "For the purpose of developing and protecting this industry I am firmly committed to a program for the development of harbors and inland waterways. This includes, in an expansive development program, the dredging of Richardson Bay, Bodega Bay, Humboldt Bay, Crescent Bay and the immediate construction of the Noyo breakwater."

Scudder expressed himself as definitely in favor of the Noyo project and declared that he will work diligently toward securing necessary appropriations to bring the project to early completion, to the end that the Noyo may be made an all-year harbor.

Following a swing through the north coast counties, during which he visited Fort Bragg, Scudder spent the past week in the valley counties addressing a series of non-partisan meetings arranged by supporters in that area. The final pre-election days, he announced, will be devoted to his home county of Sonoma, and Marin county where Democratic supporters have arranged a mass meeting and rally designed to successfully terminate the campaign at the June 1 primary election.

No Water Shortage Threatening Ukiah

There is no cause for alarm over the shortage of city water, Mayor Forrest Hughes said today. After a warning by engineers last week that the water table had been dangerously lowered by river channel excavation, the council took quick action to direct the flow into city wells through underground gravel.

Theer is plenty of water, Mayor Hughes says, and the problem is comparatively simple. A new pump will be installed in the new well on the Vichy road as soon as tests are made to determine the proper size to handle the volume. The danger existed when it was found the old city well had only nine feet of water in the pit but it was discovered by City Engineer Gus Wallach, working with consulting engineers from Palo Alto, in time to provide new inflow before the shortage became acute.

Hughes also wanted it understood that there is no criticism on the part of the council of the excavating done by the army engineers to deepen the channel of the Russian river for the purposes of flood control. The project has the endorsement of the council, he said.

Thursday Funeral For Leroy Albert

Funeral services for Leroy "Hank" Albert were held Monday, May 24, at 2 o'clock from the Boonville Methodist church, with Elbert Holland of Ukiah officiating and followed by burial in the Boonville Cemetery. The Eversole Mortuary of Ukiah was in charge.

Mr. Albert died at his home in Anderson valley Thursday, May 20. He was 44 years of age, unmarried and a resident of that section for the past 28 years and had engaged in ranching.

Surviving members of his family are his parents, Mr. and Mrs. Herman Albert; two sisters, Mrs. Russell Tolman and Mrs. Renee McGimsey, all of Boonville, and his brother, C. L. Albert of Mendocino city.

County Had 1215 Retail Concerns

A study of retail outlets and sales in California during 1947, completed last week by the state board of equalization, indicates Mendocino county had 1215 establishments licensed to do business by the board at the close of the year.

Income of resident civilians in the county for the year totaled $33,921,000, with a per capita income of $942 based on an estimated 36,000 population.

The per capita sales for the third quarter of 1947, the board said, representing the last quarter on which statistics are complete, were $190, while the total taxable sales for the quarter were $6,838,000, a 21.8 per cent increase over the same quarter in 1946.

Mr. and Mrs. L. P. Foster and son Lane were hunting abalones on the coast at the weekend. Lee Larson accompanied them.

Modeleers Contests Attracts 109 Planes

Ukiah Modeleers came through with their share of the 44 trophies offered in a field of 109 contestants in the Northern California A.M.A. contest at the South State street ball park here Sunday. Winners in the Junior Division were Don Underhill, Francis Trimeloni, Wesley Caldwell and Leon Ricke.

A year's experience showed results as members of the Ukiah club, blanked at last year's meet, were able to break into the win column against a field of veteran contestants from such distant points as Palo Alto, Stockton, Alameda, Oakland, Sacramento, Yuba City, Eureka, Santa Rosa, San Francisco, Vallejo, Albany and Petaluma.

Gas models of every description appeared as brilliant splashes of color against the green of the ball park field as they took their place in the flight line. Precision flight entries were graded in A, B and C classes according to the power and size of the motors. Also figuring prominently in the meet were the sleek speed models, flown from a steel pylon in the southwest corner of the park. Another class of particular interest to admirers of fine craftsmanship were the intricate scale models, ranging from World War I "Jennies" to shining modern sportsters.

Latest Equipmen.

Lay visitors at the meet gazed in wide-eyed astonishment at the array of starting motors, tool kits, battery banks and other bewildering apparatus assembled by the model builders and flyers to service their craft. The meet was run off with all the elaborate precision and adherence to rules characteristic of the operation of a modern airdrome, with flyers and mechanics busy all day on the tune-up strip adjoining the flight circles, nursing their planes into tip-top operating condition preparatory to their turn before the expert eyes of the judges.

Mechanics swarmed briefly into the flight circles, trundling ingenious starting motors mounted on rubbertired carts to service the tiny aircraft for the take-offs and remained close at hand, anxiously watching the performance of the planes in the expert hands of the flyers.

Even the regalia worn by the various model clubs was colorful. Ukiah's own Modeleers were resplendent in bright red jockey caps and white T-shirts bearing the club insignia. The Mustangs Club from San Francisco added

Associated With Mannon & Brazier

Charles R. Bell is entering the practice of law in this county as an associate of the firm of Mannon & Brazier, the firm announced yesterday.

Mr. Bell completed his undergraduate studies at the University of California in 1940, where he was editor of the student daily. He then began the study of law at Boalt Hall on the Berkeley campus. During the war he served as a fighter director officer abord Navy aircraft carriers, leaving the service from the staff of Rear Admiral W. D. Sample with the rank of lieutenant. He received two Bronze Star medals and the Purple Heart.

While completing his legal education after the war, he and his wife made their home in Berkeley. Mrs. Bell will join him in Ukiah as soon as he is able to find a house.

New Ballpark Plans Okeyed

City Recreation Commission Suggests Master Plan

The City Recreation Commission, appearing before the city council Wednesday night, approved generally the plan for the new baseball and recreation park but suggested that a master plan for all future improvements be drawn up now as a basis for its complete development.

The plan as now drawn by City Engineer Gus Wallach includes two softball diamonds, one hardball diamond, space for bleachers on the west side, room for later development of a football field, tennis court and other adult recreation on the east side.

The commission presented its budget and asked that it be approved before concrete recommendations for the year's recreational activities are given to the council. City Manager A. R. Spreckelsen reported new playground equipment, long on order, has arrived. It includes a slide and some swings to be installed in the vicinity of the wading pool in the city park.

Recreation Director Dick Rittger proposed that swimming fees for boys and girls be lowered this summer, but action was postponed for further discussion. Mrs. Ernest Lauteren, commission chairman and Harold Brunner were commission members who appeared following a meeting of their board before the council meeting.

Rittger was advised that Monday nights and three Thursday nights in the week are open at the clubhouse for more youth activities. Desk and filing space in the city hall was arranged for Rittger, which he will share with the navy recruiting officer.

Jordans Sue School Dist.

Damages Asked For Collision With Potter School Bus

The Ukiah Union High School District is asked to pay a total of $5459.12 for injuries suffered by Mrs. H. C. Jordan and for damage to the car belonging to her husband in a collision with a school bus on February 16, suit having been filed in Superior court here last week through the law firm of Spurr & Brunner.

The complaint is against the school district, the boarl of trustees and Charles Wallace, principal of the Potter Valley high school, which is a part of the union high school district.

The collision occurred at the intersection of County Roads 2-40-A and 2-42 and the complaint charges that Mrs. Jordan was forced off the road by the school bus driven by Mr. Wallace and that she was injured when her car hit a tree. She asks $5000 as general damages and $20 for medical services. Mr. Jordan is suing for $438.40 for damages to his car.

The complaint states that a verified copy of the claim was presented to the trustees within the legal limits, which the board declined to approve.

THOUGHTS ON MEMORIAL DAY

This year, as in the years since 1941, it will be Memorial Day all over the world, in the hearts of the American people.

While decorating the graves at home their thoughts will go out to distant fields where the white crosses stand stiffly at attention over the final resting places of other American boys — Normandy and Anzio, Okinawa and Guadalcanal, France and Germany, North Africa and Sicily.

It is fitting that those who died in battle should be remembered, but it is more important that we remember what they died for. However much we eulogize them on Memorial Day, we are not paying our debt to them unless we are striving to make this world a better world — that kind of a world for which they made the great sacrifice.

This end will not be achieved solely on the level of international conferences and diplomatic negotiations. Rather, it will come, in the main, through individual self-improvement, through the elimination in our own lives of hate, intolerance and injustice in all its forms. The world can be no better than the people in it; the world can be no better than you.

Through better lives then, let us build a better world in honor and in memory of our heroic dead.

MILK PRICE HIKE IS THREATENING

Hearing At Ukiah Called By Bureau Of Price Control

The bureau of milk price control has announced a public hearing to be held in the board of supervisors' room in the courthouse at Ukiah on Friday, June 11, beginning at 10 o'clock in the morning. This meeting is for the Lake and Mendocino county area and is one of the 26 hearings called by the bureau for the purpose of considering amendments to the milk marketing and stabilization plans effective in this area.

W. B. Woodburn, chief of the price control bureau, has said that a recent sharp advance in the price of milk for manufacturing purposes, through the operation of the state's automatic pricing formula, could result in an increase in the minimum price of milk paid by consumers to distributors, and by distributors to producers.

The reason for the recent sharp advance in the price of manufacturing milk, says Mr. Woodburn, is the desire of processors for supplies with which to fill government orders under the Marshall plan.

If schedules are amended to give weight to the present abnormal price relationship between market and manufacturing milk, the milk price increase may be averted, Woodburn says. On the basis of its own cost data, and on that submitted at the hearings by producers and distributors, the bureau will determine if amendments are appropriate and serve the purpose of the milk control act.

No hearings have been scheduled upon the resale price of milk to consumers.

Lamb Grading Draws Crowd

Growers from Hopland, Potter Valley, Willits and all range areas around Ukiah gathered at the Hawn ranch Friday morning for the annual sheep grading demonstration under the auspices of the County Farm Bureau Livestock Marketing Association and the farm advisor's office.

Floyd Hawn went to considerable trouble assembling and sorting the sheep so that various types and characteristics could be demonstrated.

Farm Advisor Foote discussed the breeding program carried on at the Hawn ranch and elsewhere in the county and the various improvements resulting from careful selection of desirable types.

Ray Griffin, California Farm Bureau Livestock representative, spoke of the rapid rise in cooperative marketing and the object of the selling agency in getting the best price for the grower on the day the stock is sold at the lowest selling cost.

"Floco" Feldmiller, general manager of Valley Livestock Marketing Association, said that due to the drought lambs usually sold in April had been marketed in March, resulting in there being a light supply. That feeders are bidding, and in some instances paying more than packers for fat lambs, to place in feed lots. He took several lambs and analyzed their marketability, telling why they would fall into certain grade and which types were used for various market outlets.

The group then moved to the Boonville fair grounds where demonstrations were held in the afternoon, and on Saturday morning at the Irvin Roberts ranch, north of Fort Bragg.

Due to the interest shown and the value to growers, these demonstrations will be carried on as a yearly affair.

Flies To Minneapolis To Attend Wedding

Mrs. Marie Cyrson of Oak street, left by plane Saturday for Minneapolis, Minn., where she will attend the wedding of her niece, Mary Kathleen Sipe and Dr. Henry George Egan, Jr.

The wedding will take place Saturday, May 29, in Sacred Heart church, Robbinsdale, Minnesota. Mrs. Cyrson, who will return by plane, expects to be gone from Ukiah for two weeks.

Candidates Quizzed In Town Hall Meeting

Approximately 200 persons turned out Monday night for the Ukiah Breakfast Club's second Town Hall meeting at the Ukiah grammar school, which got away to a late start and adjourned at 10:30, ending strong with Supervisor Guy Redwine at the mike talking against time in an effort to answer all the questions directed to him.

On the stage with Superior Judge Lilburn Gibson, the moderator, were Rolland C. Webb of Petaluma, candidate for congress; Gilbert French of Garberville and Norman Johnson of Fort Bragg, candidates for the assembly; Guy Redwine, incumbent, and Sam Erickson, R. O. Foster and Paul Poulos, all candidates for supervisor from the Second district.

The audience was slow in arriving and the meeting was called to order by Judge Gibson at 8:30 which was 30 minutes late. Then in order to finish out the allotted two hours in which the candidates were to be heard and questioned the adjournment was delayed until 10:30.

Mr. French was later and came into the hall after the meeting was well under way and was accorded the privilege of speaking soon after his arrival. He is a native of Humboldt county and a veteran of World War I. Predicting "serious matters to come before the legislature," he promised to be a good representative at Sacramento "if elected to that exalted office," promising to work for harmony between industry and labor.

Rolland Webb spoke briefly, saying that he was running for congress because he was mad, declaring he can no longer live on his income and would like to help bring about a change. He told a story about a prisoner who was discharged after guessing correctly which of the judge's eyes was glass. It was the glass eye in which he had seen a spark of human kindness.

Attorney Norman Johnson of Fort Bragg followed Webb, saying that he was telling no stories about judges as he expected to practice for some time in Judge Gibson's court. As assemblyman he would work for road improvement, encouragement of agriculture, legislation beneficial to veterans and especially the disabled.

Supervisor Redwine gave a brief resume of his pubilc service. He has been a supervisor for

NEW POLICIES FOR AIRPORT PROPOSED

New Commission Would Assume Active Management

A proposal to take over complete management of the municipal airport was presented to the city council by the new Airport Advisory Commission Wednesday night and will be the subject of a special meeting of the council and commission Wednesday night, June 2. The commission also advised the council to defer its application to Civil Aeronautics Authority for funds to match city money to build a new 2-story administration building at the airport.

H. C. Saulsberry presented the proposals in writing, as part of a written report from the commission to readjust management difficulties at the airport. It recommends that one member of the commission be placed in active management to direct a daytime manager, a night watchman (who would live on the premises) and a substitute assistant. Salary costs, Saulsberry aid, would not exceed those now being paid when the manager is on a 24-hour basis.

Temporary authority for the commission to arrange temporary management when Manager Thoren Fravel's resignation takes effect May 1, was given the commission by the council. Saulsberry indicated the commission is ready to fill the vacancy when and if the council delegates full control to that board which includes Arthur Schilder and Paul Poulos.

The report was commended by Mayor Forrest Hughes and members of the council for its detailed plans for repairs and maintenance, study and adoption of ground and flight control, leases of flying school space and hangars, and policies concerning CAA.

Their reason for deferring action on the new administration building, Saulsberry said, is that the commission feels the CAA's demand for 800 feet of floor space on the second floor would hamper administration and prevent the city from obtaining revenue from leases on the space. They believe CAA would not need more than 400 square feet and will take it up with CAA representatives before a formal application is made. The city's share of the building cost will be $9000 to $12,000 and the investment would be too high, Saulsberry said, if CAA is to occupy the entire second floor.

Forman Services Sunday Afternoon

She is also survived by her mother, Louisa Hartill of Washington, and five brothers and four sisters, Walter, Edward, Clarence, Elmer and Clifford Hartill of the State of Washington, Mrs. Ruby Linke of Corvallis, Oregon, Mrs. Verne Seafeldt of Chewelah, Washington, Mrs. Grace Craver of Deming, Washington, and Mrs. Clara Norten.

H. W. Brown, New Lions President

H. W. Brown will take office as president of the Lions club at an installation dinner meeting at 7:30 Thursday evening, June 10, at the House of Garner when members will entertain their ladies. Brown's name headed the list of new officers named by the nominating committee and approved at a meeting of the board of directors Monday night, May 24.

Formal election was held at the regular luncheon meeting on May 27. Brown will succeed Carl Daubeneck, who takes his place on the board as past president. Others who will take office are Al Anton, first vice president; Ben O. Foster, second vice president; George Portlock, third vice president; Thomas Brumback, secretary and Leslie Larson, treasurer.

The following will be named on on the board of directors: Gene Dietrich, Robert Frohn, Elmer Presson and George Eckman. Tail Twisters are Dr. James Massengill and George Butt; Lion Tamer, Percy Ornbaun.

The dinner installation meeting, to begin at 7:30 p.m., will take the place of the regular Thursday luncheon on June 10.

Coast School Asks State For $124,010

A request for $124,010.49 from the Mendocino Union High School district will be before the state allocations board at its next meeting.

If the request is granted, the funds would come from the $35,000,000 voted by the 1948 legislature for aid to impoverished school districts.

The original request was $120,364 and it was one of the few which have submitted an amended request in a sum more than the original.

Seeking A Pal
GENTLEMAN, born March 7, 1880. Have been told could pass for younger. Good health: 5 ft. 5½, 145 pounds. Brown, greying hair. Grey eyes. Not handsome, but passable for a boy of my age. Lived a clean life; no drink, smoke or chew; no gamble or swear. No wings yet. No church affiliations. Golden Rule. Quiet. Not a socialite; poor mixer. Lover of home. Interested in psychology, New Thought, Unity and kindred subjects. Also in diet and health. Very much interested in a fleshless food regime and leaning toward raw foods, fresh from the garden and trees.
SEEKING an unencumbered little pal, between 56 and 62. Approximately 5 ft.; 100 pounds. Good character, healthy and congenial; one who is interested in nature's way of life; one who can and will go 50-50 with me in purchasing the right spot in which to live; a place to raise most of what we eat, or eat mostly of that which we can raise. Organic gardening, in our own little "Garden of Eden" where we can enjoy the fruits of our labor and plenty of sunshine to the body. Somewhere in "God's Glorious Plan" there is a charming little lady who would just love to live closer to nature. She is the one I'm seeking. She needs me to add to her happiness and she can add to mine.
I'M SENDING this message forth with Faith and Goodwill in my heart, right straight to some little lady. If your heart responds to the vibrations, please write, before June 10. A little picture, also date and year of birth (for astrological reasons) with first letter will be appreciated.
AM SINCERE and trustworthy. Understanding, too. Correspondence strictly confidential. R. M. Strong, Gen. Del., Campbell, California. 14t1p

Fred Scholl returned Monday from a trip to Point Arena and brought details of an accident on the road 12 miles west of Boonville Saturday evening. A man who had recently come into the neighborhood from Oakland and had taken a claim on the Garcia river was driving a team over what is known as the Haines grade. About five miles up the grade he stopped to permit the horses to rest. He was walking with the lines held in his hands and being ignorant of country grades, he took off the brake before the team was under way. The heavily loaded wagon rolled backward, pulling the horses with it and plunged over the embankment, going down the hillside nearly 200 yards. Both horses were killed by the fall, one broke its neck and died instantly. The other was crushed by the weight of the wagon and was disembowled in its struggles. The wagon was mashed into kindling wood.

A great sensation was caused in Ukiah this week in the Miller-Cleveland contest for city marshal when it was discovered that the rejected and spoiled ballots were missing from the package that was supposed to contain all the ballots. Cleveland was declared elected by a margin of one vote and Miller filed a notice of contest. The recount was looked forward to with great interest as is all 1-majority cases. When the case came up for trial Tuesday the first part of the day was taken up with arguments on demurrer. Finally Judge White brushed aside all objections and the sealed package containing the ballots was brought in. The attorney for Cleveland objected to the admission of the package unless it could be proven that it contained all the ballots, including the rejected and spoiled ones. When the package was opened Attorney Thatcher, representing Miller, pulled out the ballots, then he turned pale and dropped into his chair when he found the spoiled and rejected ballots were not present. Consternation reigned in the courtroom. Judge White then took a hand and the election officers were brought into court and sworn. They all testified that the spoiled and rejected ballots were placed in a separate envelope and all the ballots were placed in the locker in the city hall until next morning when they were turned over to the city clerk, Lee Cunningham. Frank White and Lou Charlton placed the ballots in the locker and locked it. When Charlton and Cunningham went to get the ballots the next morning they had difficulty opening the lock, showing it had been tampered with. Here is a matter for the grand jury, for the person who destroyed the integrity of the ballot strikes at the very foundation of our government and is no better than an anarchist or a dynamiter. Failing to find the ballots, Judge White dismissed the case, each side to pay its own costs. If the ballots are never found the case may be opened again.

dash to their appearance by sporting the white aero-mechanics jumper coveralls worn at airports.

Apparent even to the casual observer was the high spirit of sportsmanship that was manifest in every department of the contest. Entrants who discovered tired batteries or other troubles with their planes at the last minute were aided immediately by their colleagues who unhesitatingly supplied spare parts, tools or battereis from their own kits, along with a generous measure of encouragement and advice.

Show Resourcefulness

Contestants from Eureka, who were involved in an automobile accident on their way to the meet, entered the park with wrecked models. A touch of glue here and there and their frantic 11th hour efforts enabled them to put the little planes back into flying condition and take home their allotment of the trophies.

Flyers who encountered tough luck in crashing their models fought down their disappointment and took their defeat in a very fine way. Francis Trimeloni got a big hand for his pluck and skill in handling his model when the upper wing of his biplane buckled and came apart in flight. In spite of the fact that the fans expected a spectacular crack-up, Trimeloni managed to keep his little craft airborne until the gas supply was exhausted, bringing it in to a perfect landing.

Three women participants were entered in the meet. Mrs. A. Peden of Vallejo, whose 7-year-old son Billy was the youngest contestant in the meet, took second place trophy in the women's event. Completing the flying family is Mr. Peden, also a gas model veteran.

Highest speed recorded Sunday in the speed circle was 127.66 miles per hour. The world's record for models is held by an Alameda builder whose craft attained 153.09 miles per hour.

Tommy Van Dyke, a former Ukiah boy who now lives at Sacramento, was one of the high point men in precision flying and took home two fine trophies.

Spectators and contestants pronounced the meet an outstanding success and Gene Learnard, contest director, expressed his appreciation of the assistance given him by the officials, members of the Lions Club, police and fire department and all others who helped. Ukiah's annual meet is one of the largest in the state.

seven and a half years, is charged with being conservative, and admitted it, saying he was more careful of the county's money than of his own. He recalled when the county was broke and unable to cash its town warrants.

Sam Erickson followed and said that during his 17 years residence here he had been trying to make an honest living, that he had a sincere concern for the county's welfare. He favors a good road to the coast, an adequate county hospital, a county health program and modern jail facilities. He believes that all the roads in District No. 2 can be made better.

R. O. Foster, a member of the county planning commission for the past four years, told of his efforts toward a new jail and county hospital and of action delayed until the costs of such improvements are staggering. He is for a comprehensive health program.

Paul Poulos was the last of the candidates to speak and contented himself with reviewing the history of his 25 years in this county; the successful conduct of his own business and his efforts toward the advancement of his town and country, calling attention to his understanding of the needs of the supervisorial district.

Since the question slips turned in had resolved into a flank attack on the actions of the board of supervisors and were directed to Supervisor Redwine, Judge Gibson gave him the last 15 minutes, in which to make his replies.

In his defense of the county board Redwine said he was not in favor of meeting the requirements of the state in regard to the health program, and he detailed the personnel and equipment necessary for such a department and gave his idea of the cost, declaring he would go for a county health unit if the people would vote the bonds. He blasted the Coyote valley dam as too costly for the county.

Redwine gave his explanation for the increase in the number employed by the county welfare department and the appropriation for a county radio broadcasting station, saying that at present we are paying Lake county $2500 a year for service through that station.

Paul Charles Winton Execution May 28

Friday, May 28, the State of California will require of Paul Charles Winton the extreme penalty for the murder on October 22, 1947, of his blind wife, his daughter, Mrs. Clifford Porter, and her husband, in their home at Mendocino, in a frenzy over real or fancied wrongs.

When Winton was brought into Superior court for arraingnment he pleaded not guilty and not guilty by reason of insanity, and at the request of his attorney he was committed to the Mendocino State Hospital for a period of observation. The alienists who had him under observation found that he was sane at all times and when he was returned to court he withdrew his plea and Superior Judge Lilburn Gibson conducted a hearing to determine the degree of Winton's guilt.

On the morning of November 22, just a month after he had blasted three lives, Winton was sentenced to die in the lethal gas chamber at San Quentin prison and his case went automatically to the Supreme court for review.

In the closing days of February the judgment of the Superior court was confirmed and the last of March the date of his execution was set for May 28.

Although Winton had maintained that he was anxious to have a quick conclusion of his sentence, it is said that an effort was made through the federal government to set aside the death penalty on the ground that the crime was committed on an Indian reservation.

Before the triple murder Winton and his blind wife had been living in a cabin at the outskirts of Mendocino when the Porter family, (the husband, wife and two children), moved in over Winton's objections.

According to Winton's story the Porters refused to work, depending on the pension of the blind wife and mother for their food, and treated Winton badly until he determined to kill them.

He absented himself from home, drank to excess, and on the morning of October 22 returned and gained entrance to the kitchen. Clifford Porter was shot to death in the kitchen, the daughter, clad in her night clothes, was killed on the stairway. Winton then sought out his blind wife and shot her as she cowered in her room.

Winton claimed that he intended to kill himself as soon as he had the two grandchildren taken care of. Placing them in his car he drove to the home of Mrs. Kenneth Tripp, another daughter, who lives south of Ukiah, where he was captured by Sheriff Broaddus, Deputy E. R. Witter, and Police Officer Travis Simpson soon after his arrival.

Winton is a half-breed Indan who was born on the Del Norte Reservation 52 years ago. The woman he married in 1916 was of Yankee-Dutch descent, who later went blind. In 1930 Winton was sentenced to San Quentin for assault of his 13-year-old daughter. He was paroled in 1935 and returned to prison the next year.

Giant water tunnels
12 miles through granite
will soon step up P. G. and E. power

Deep in Sierra granite near Jackson, expert miners are blasting out two of the world's largest water tunnels... tunnels which will soon help generate 154,000 new electrical horsepower for Northern and Central California. Already, in just a year's time, one of the tunnels—43,064 feet long—has been completed, and all but 3,000 feet of the second is finished. Completion date is early July.

200 feet a day has been average progress, and rivalry is high as crews at both ends of the remaining tunnel battle rock and time to beat each other. Special bonuses are paid for every foot over thirty; work goes on 'round the clock six days a week. The tunnels are 15½ feet high and 13 feet wide.

On the Mokelumne River below, the big new Electra powerhouse (one of two soon to be served by the tunnels) nears completion. Here, three big generators will soon be whirling out 133,000 electrical-horsepower ... new power to help meet our greatest demand in history ... new power to serve you better.

Rebekahs Greet Assembly President In Well Attended Gathering Monday

With the greatest attendance of any meeting in several years, Cornelia Rebekah Lodge No. 205 greeted its assembly president, Mrs. Alice M. Schult of Santa Rosa Monday night on her official visit to Ukiah.

It was a fitting time for the Ukiah lodge to receive first prize out of some 300 lodges in the state, for publicity for the past year. The state publicity award was presented by Mrs. Della Haworth, Queen of the Lake Rebekah lodge of Upper Lake, asembly publicity chairman for district No. 2.

A dinner in the Maple Cafe banquet room preceded the meeting. Tables seating 80 were decorated with sweet peas. Decorations in the I.O.O.F. lodge hall were tall baskets of flowering snowball and long stemmed roses. In the dining room where homemade cakes and coffee were served later in the evening, tables were pretty with iris and sweet peas.

Committee Members

Committe members were Mesdames Vernon Yates, Elmer Adams, Bertha Smith, H. P. Dohring and Dan Cohen. Mesdames Vern Bickford, Cecil McCoy, Frank Sappingfield and Joe Brush aided in preparations.

Here for the special meeting were other high officials of the lodge including Mrs. Schultz's grand marshal, Mrs. Winifred Bertsch, San Francisco; Mrs. Alena Mathison of Redwood Rebekah lodge, district deputy grand president of No. 68 of Anderson, Valley and her husband, H. F. Mathison, district deputy grand master of I.O.O.F. of this district. Also Mrs. Ora Harrington of Healdsburg, deputy district president of No. 8; Mrs. Faye Paysse, of San Rafael, Mrs. Emily Poulin, Santa Rosa.

A memorial service was put on by Mesdames Grover C. Neep, L. H. Foster, Vern Yates, George Caldwell with Mrs. Marvin Romer at the piano and singing the incidental solo. Presentation of the lodge gift to Mrs. Schultz was made by Mrs. L. H. Foster.

Lodge Commended

In a talk interrupted by frequent clapping, President Schultz warmly commended Cornelia lodge on winning the state publicity award. She said it was an indication of the fine cooperation of Ukiah newspapers that would bring the award to as small a community as Ukiah in competition with 300 other lodges in California, many of them in such large cities as San Francisco and Los Angeles.

There was a round of applause when Mrs. Schultz announced the I.O.O.F. occupational therapy project for Yountville had been completed at the assembly. Mrs. Schultz urged the lodges to attend to their own improvements as her project and to live up to her motto for the year ahead, Thing a Little Kindly.

Representatives of all the lodges present were heard, Mrs. Nat Beckley speaking for Cornelia lodge. Mrs. Ann Marie Gowan, noble grand of Redwood Rebekah lodge No. 390 of Anderson Valley, headed the processional when her lodge came in as a body. Mrs. Presley McPeak and Mrs. Glennie Watson, vice grand, spoke for Lagunita of Willits. Long Valley was represented by the noble grand, Mrs. Ellen Nehs. Mrs. Ethel Dunham of Cloverdale, formerly of Ukiah, spoke for her delegation. Present from Forestville was Mrs. Marjorie Templeman, sister of Mrs. Bickford, Cornelia's noble grand.

She came by plane with Superior Judge Finley of Del Norte county and returned with him Saturday morning.

New Emblem Club Under Discussion

A number of interesting early summer social events planned by Elks club were announced this week as plans went forward for organization of a ladies' Emblem club to be associated with the Elks. Mrs. Vernon Yates was chosen last week as president of the new ladies' club but the decision has not yet been made to make it an Emblem club with national affili-

To determine this and to complete the organization, Exalted Ruler Ed Jennings has called an important meeting for Friday night, May 28, in Elks club hall and asked that all Elks' wives, mothers and sisters be present to express their wishes. Mrs. Joseph Hinman of Upper Lake will be there to tell of her membership in a southern California unit of the Emblem club.

On June 12 a dinner and ball will celebrate the first birthday of the local Elks organization. Formals will be optional. On June 13 the Elks will sponsor a Flag Day celebration with ceremonies in the city park. Jennings suggests that all Elks' ladies have their men obtain identification cards which entitle them to privileges of the clubrooms and facilities at stated times. More information about the new organization for ladies may be obtained from Jennings or Mrs. Yates.

Mr. and Mrs. George W. Davis of 532 North School street are happy grandparents this week, following receipt of the news that a grandson, Lawrence Llewelyn, was born May 20, at 7 a.m. to their daughter and her husband, Mr. and Mrs. Robert L. Jones in an Oakland hospital.

During the rites they were placed on the table and as the ceremony ended Miss Owens gathered them into one large bouquet and presented them to Mrs. Ernest Balyeat, incoming president as a symbol of the unity of her staff.

Each outgoing and incoming officer wore an iris corsage. Roses, iris and pansies were used in the table arrangements.

Belles Of Ukiah

MYRTLE SALISBURY and BERTHA WATSON were belles of the second Mendocino county fair in 1923.

Club Leader Recalls County Fair and Indian Pow Wow of September, 1923—25 Years Ago

Back in 1923 the San Francisco Chronicle cared — and on page 1 too—when Ukiah put on its annual Yokayo Pow-Wow and county fair. Souvenirs kept by Mrs. Loren York, member of the pioneer York and Watson families in this county, include a clipping which tells about the fair and shows Mrs. York—who was then Bertha Watson—photographed wearing an Indian headdress for the parade at which Governor Richardson opened the ceremonies.

The Examiner too gave Mendocino county's second annual fair a nice write up that year. It included another picture of Bertha Watson perched proudly on Peerless a pleasant looking jersey cow who was one of the fair exhibits. Standing beside her, with a smile to match her own, was Myrtle Salisbury.

MRS. LOREN YORK was Bertha Watson when she posed for this picture in the fall of '23 during the fair.

Mrs. York, who was born in Anderson Valley and has been a resident of Ukiah since she was three years old, takes office today as president of the Kosmos club. She is the daughter of the late James R Watsons and well known in Ukiah where she has worked in several downtown stores.

Her husband is a rancher and they have two sons, James L., 20, who is in the naval reserve and will leave soon on a reserve training cruise to Guam Island and Robert Lee, who graduates this year from high school.

Concert Arranged On Wednesday Eve

Music lovers will be interested to hear that the annual spring concert of the Santa Rosa Junior college music department has been scheduled for Wednesday, May 26. at 8 o'clock. The place is the Luther Burbank Memorial theater on the junior college campus. There is no admission charge.

A variety of instrumental and choral selections will be given by three musical organizations connected with the college. Two instrumental groups, the Santa Rosa Junior college symphonic band and the Santa Rosa Junior college concert band, both directed by Chester Beck, will participate. The junior college symphonic band, with a personnel of young people from almost every community in Sonoma county, will play Gustave Holst's First Suite in E Flat. The concert band will play Aram Khatchaturian's Gayne Ballet Suite, which they performed at the recent secondary instrumental festival.

Between the band offerings an interlude of vocal music by the junior college chorus, directed by Harry Meyn, will be highlighted with the singing of a short secular cantata, Serenade to Music, which is a musical setting by Ralph Vaugnan Williams, contemporary English composer, of lines taken from the last act of Shakespeare's Merchant of Venice. Solos will be sung by chorus members, and the cantata will be accompanied by a small orchestra f college musicians.

The chorus will also sing acapella three numbers sung by them at the secondary music festival in Sebastopol recently.

★ Willits News Notes

Under the heading of "police news" in this column on May 24 appeared the item that Robert J. Britt of Willits was to appear May 27 on a traffic charge, "on a traffic warrant, courtesy Sacramento police department."

Unfortunately that part of the news followed references to the roster of vagrants, and Mr. Britt has taken strong exceptions to the impressions made on persons who failed to read the item through for a complete understanding.—Editor.

WILLITS, May 26.—Minnie Eva Spangle, a resident in Willits for many years, passed away suddenly at her home at 62 Flower street, Monday morning, May 24. She was born in Santa Rosa November 18, 1876, and joined in wedlock with William C. Spangle on January 17, 1895, at Yreka. To them five sons and three daughters were born. Her husband and three children precede her in death. She is survived by her sons Charles Spangle of Taft, Sherman Spangle of Gazelle, William Spangle of Los Angeles and Jack Spangle of Willits, and two daughters, Mrs. Jessie E. Beckley of Santa Fe Springs, and Mrs. Gladys W. Vincent of Taft. There are 16 grandchildren and eight great-grandchildren, all in California, two sisters, Mrs. Jesse Ruddick of Soledad and Mrs. Belle Major of Piedmont, and three brothers, Colonel Ira A. Rader of South Carolina, Arthur L. Rader of Greenfield and Frank S. Rader of Soledad.

Mrs. Spangle first came to Willits in 1898 and returned in 1909 and since has made her home here.

Funeral services were held from the Anker Mortuary with Rev. Benning reading the service. Interment in the family plot in Odd Fellows Cemetery.

Mr. and Mrs. Fred B. Moore are house guests of Dr. and Mrs. Raymond Babcock. Their home is in Sacramento where Mr. Moore is managing editor of the Sacramento Bee.

At last word, "Doc" Rodgers and wife were in Tennessee.

Walter Moore was a business visitor in Sacramento last weekend.

Mr. and Mrs. Bruce Steadman and daughters have all their equipment packed, the car shined and their vacation ahead. They leave May 28 on a leisurely trip that will have Michigan as the turning back point. While there they plan to visit their relatives and see all the sights possible along the way.

The residents just south of the city limits have been lulled to sleep the last few nights by the "tunes" of the carnival. The motorists speeding along the highway have been dodging the children whose trusting parents permit them to walk the highway alone. It is dangerous during daylight, but on the unlighted highway at night it is an open invitation to death.

The promise of a low abalone tide lured many Willits people to the coast Sunday morning. Seen leaving in the wee hours of the morning were Alma Albee, Rene Redd, Herb Dill, Sr., Herb Dill, Jr., Don and Virginia Ciancio. Others having mediocre luck were Glen and Berdie Jamison and Ellis and Ethel Rugg.

Co-Op Nursery School

Endorsement of a "No" vote on the Garrison Act at the coming election was one decision reached by members of the Cooperative Nursery School. Fred Leonard, high school principal, was on hand to explain any phase of the act the ladies did not thoroughly understand. Other business included calling a special meeting of the group on June 7 to elect officers for the fall term. Mothers whose children are scheduled to enroll next fall are especially asked to be present as they hope to appoint teachers and work committees at that time.

Longvale Scout Meet

Longvale was the scene of a gala meet of Willits and Laytonville cub scouts. With the sanction of the weather gods the young men enjoyed not only the picnic lunch but swimming. Willits scouts receiving awards were Billy Russell, Jim Branscomb, Jim Borders and Francis Louart, who were presented with their den chief cards; Fredrick Page and Stanley Requa received their Bear badge and Donald Kennedy received his Lion badge. Their project for May, Indian craft, was also displayed. The project scheduled for June may solve the local housing shortage as the boys are to construct a tepee or a shack and during the evening they will be inspected. Another activity undertaken by these lads is the baseball challenge between Willits and Laytonville.

Two drivers were picked up in Willits for drunk driving. Robert Barnes of Branscomb pleaded guilty and was sentenced by Police Judge Sacry to $100 days in the county jail or a $200 fine. Robert E. Bell of Willits pleaded not guilty and is awaiting trial with cash bail fixed at $500.

Another man fined was Elmer Leino of Alton whose verdict for being drunk and disorderly netted him $15 or seven days. Three others awaiting trial on the same charge are Amel Russie, William Vesterby and Ernest Rupe, all of Willits.

If there seems to be an increased number of dogs running loose, could be that word has gotten around that Poundmaster Cake is ill and the dogs are enjoying a period of leniency.

With a population of less than 3000, citizens of Willits purchased 3000 poppies. According to poppy chairman, Pauline Safford, there were enough poppies purchased by generous people to cover the cost of the unsold portion.

If you see a soldier with a bird cage scanning the clear, blue skies, direct him to the home of Red Moore for he and the feathered M.P.'s are undoubtedly seeking the carrier pigeon who has gone AWOL and taken up residence in Moore's back yard. The bird has a band of numbers on his leg so if you hear of its proper destination, please pass the word along.

Willits Wins Twice

Sports fans had a double opportunity to exercise their lungs over the weekend. Saturday night a twilight game was played between the Naval Supply Depot of Oakland and Willits, and Willits won. The next day the same teams played, with the same result.

It has been announced that every Sunday there will be a game at the ball park, so be on hand to root for the home team. The local boys will be in Talmage Thursday night playing one of the scheduled league games. Saturday and Sunday the O'Shay Kids from the bay will pit their skill against that of Willits.

Saturday night, too, the dancing public refreshed their memories or just learned some new steps. Actually it was a true old-time dance given by the Horsemen's association. During midnight refreshments the guests were served all the sandwiches, cake and coffee they could eat for a nominal sum. A surprise, besides all the fun they had, was the nuexpected treat of punch.

Have you purchased your ticket for the big KNBC breakfast broadcast?

Mothers, Daughters Night

The first Mothers and Daughters Night was held last Monday. F.H.A. girls invited their mothers to partake of a dinner prepared and served by the Methodist ladies. Creamed chicken in patty shells relishes, ice cream and coffee were on the menu. Red rose corsages were presented to the mothers and the modern version of Mary Had A Little Lamb was acted out for all present. Elsie Lawson and Martha Rothsprack sang solos after which Mrs. Mary Page spoke on What My Daughter Means to Me. Her daughter Patsy retaliated with What My Mother Means To Me. Wunell Young was in charge of the ceremonies and F.H.A. advisor, Miss Knoch, watched over all. The evening was made possible by the money realized from the Dime Ball held recently. If each year it is as pleasurable as this year, it will soon become a looked-forward-to event.

Willits Rotary Club

Willits now has a Rotary Club with 24 charter members: Clarence Dart, John Kiraly, Evan Jones, Joe Harrah, Raymond Babcock, Harold Robinson, Harold Casteel, Douglas Case, Dave Corbett, Russell Ells, Austin Gray, Roy Hampton, W. P. Keiffer, Roland Johnsrud, James Durnford, Fred Leonard, A. B. Guslander, Elwyn Stanfield, John Hardwick, Troy Maness, Ray Evans, Clinton Bell, William Vlach, William Stringer.

The charter was presented Saturday night with over 150 Rotarians from as far south as Hollister and north to Eureka present and Don Ward, president of the Ukiah Rotary Club, as m.c. Past District Governor Clarence Price gave the history of the club and music was provided by the high school choir and orchestra. It was a good evening, as was the luscious buffet supper of cold turkey and ham served by Howard Baldwin.

Monday the group held their regular meeting at the Carson Inn when they were entertained by a talk and slides depicting life in the Philippines, shown by an ex-army chaplain.

Officers in the organization for the coming year are the same as in the provisional club. Russell Ells remains president, John Kiraly, vice president; Bill Stringer, secretary; A. B. Guslander, treasurer, and James Durnford, sergeant-at-arms. These officers, together with Dr. Babcock and Harold Casteel comprise the board of directors.

A new male citizen has been added to the population of Willits. He is the son of Mr. and Mrs. Ernest McKee of Willits and was born May 22, weighed in at eight pounds, 14 cunces and was named Ralph Howard.

From where I sit ... *by* Joe Marsh

It's Leap Year, Girls!

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday.

When I asked Bill Jr. if it was true that Janey really did the proposing, Bill said: No, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

I know it's usual for older folks to shake their heads over the younger generation. (It's gone on for hundreds of years, now.)

But from where I sit, young people of marrying age today are every bit as commendable as their elders were—in their temperance (a glass of beer for instance), tolerance, and common sense. So to Jane and Bill—the best of luck!

June 9, Opening 1948 Ice Follies

The spectacular Shipstads and Johnson Ice Follies of 1948 will open its annual summer engagement at San Francisco on June 9, it was announced today by George Campbell, general manager of Winterland, Bay Area home of the nationally-famed, ice-extravagana.

Out-of-town mail-order reservations will be accepted immediately.

The 12th Annual Edition of The Follies, now completing another record-smashing tour of the nation's largest cities, has been acclaimed by critics as the greatest ever.

Because critics have used this same phrase ever since the Second Edition back in 1936, they explain this year's enthusiasm is created by the spectacular effects gained through the use of post-war plastics and other costuming and production facilities now available.

In addition to startling settings and costumes, numerous new stars have been added to the roster of such favorites as Roy Shipstad, Evelyn Chandler, Mae Ross, Frick and Frack, Phylis and Harris Legg and Betty Schalow. Newcomers include a double set of twins — 17-year-old Joyce and Joanne Scotvold and the brothers Roy and Ray Schramm.

One of the 10 production numbers is entitled, Old San Francisco, starring Evelyn Chandler and the comics, Frick and Frack. Props include a replica of a San Francisco cable car and a setting at Fisherman's Wharf.

Lorraine Hurley, Back Home, Relates Story Of 14 Months Spent In Japan

Japan is rebuilding a nation strongly influenced by American customs and ideas, according to Lorraine Hurley who has just returned from a 14-months Red Cross assignment in Japan and says she wouldnt have missed the experience for anything in the world.

Japanese women are asserting their independence as wage earners and human belngs, she said. The New Look has not arrived in Japan yet but few women in the cities are now seen in the native kimonos still worn by country women. They wear American clothes and style their hair in American fashion.

Conditions Austere

Living conditions in Japan are austere but are improving under the occupation and the Japanese people are hopeful of rebuilding a better nation on the American plan. Their people imitate and adopt American ways in an almost over-eager attempt to please their conquerors, and no doubt some of it is simply lip service to ease their burden, but they are getting more rice, she said. And she never personally saw one instance of bitterness toward the occupation forces.

Miss Hurley was staff welfare officer for the Red Cross in Japan and while not working directly with U.S. enlisted personnel or in Japanese welfare work, she saw much that distressed her in hardships brought on by the war.

On the other hand, she said, the Cherry Festival was lavishly beautiful and is not overrated. Japanese flower arrangements are more subtly artful than our own. Prince Takimura, elder brother of the emperor is head of the Japanese Red Cross and Miss Hurley, with other Red Cross workers enjoyed ceremonial tea in his home on several occasions.

Met The Emperor

She was introduced to Emperor Hirohito at a large gathering but did not talk to him personally. She is glad to be back, she told friends, including Mrs. D. N. Munson, whom she visited Tuesday night, but her 14 months of life in the orient is something of lifelong value in understanding the nation which provoked a war with the United States. She spent most of her time in Red Cross headquarters in Yokohama and it was there she accustomed herself to an oriental way of life so different from ours she believes the cultures and political ideologies will never completely meet.

Ukiah Dumps Willits, 22-6

First Inning Slugfest Nets Cats Twelve Runs

The Ukiah high school baseball team collected 12 runs for 10 hits in the first inning and went on to defeat Willits by a score of 22 to 6 at Willits Saturday.

Wildcat batters lowered the boom on Haks, the Willits starting hurler, who faced 16 men before the side was retired. Ukiah came through with four more runs in the third inning, collected two in the fourth, three in the fifth, and romped home with one more in the sixth at the expense of the Willits relief hurler, Secrist.

Lucchesi, on the hill for the Cats, pitched shutout ball until Willits cashed in two runs in the fourth frame on a hit and a Ukiah error. The visitors nicked Lucchesi for four more scores in the sixth to make it only five hits given up for the locals. Of the 23 hits for the Wildcats, nine were for extra bases.

In the hitting department, Bob Moroni starred for Ukiah with two consecutive home runs in the first inning. Leading the hitting was Martinelli,, who collected 5 for 5, accounting personally for all his efforts with five runs. Cats hit four for four for the Cats in the game which ran Ukiah's league record to two wins and two losses.

Coach Bill Piedmont didn't have to use the bat boy, but he did put in team manager Eddie Isnard as a replacement in right field during the one-sided contest.

Wildcats Win One-Hit Game

Lucchesi Limits Lakeport Hitters In Tight Duel

Adolph Lucchesi, pitching for Ukiah, limited Lakeport to a single hit, shutting out the visitors by a 2 to 0 score in a game played here Wednesday.

Williams, the first Lakeport batter in the seventh inning, spoiled Lucchesi's no-hitter when he singled off the shortstop's glove for the lake team's only hit.

Lucchesi encountered trouble only twice in the game. In the third inning, he walked two men and after they had been sacrificed to second and third, was able to bear down, striking out Ray and forcing Debolt to ground out to second for the third putout.

The Cat pitcher was again in trouble in the sixth inning when, with two away, Debolt reached first on Martinelli's error, stole second and third. Lucchesi, again pitching flawless ball, struck out Blackwell for the third out.

Neither Blackwell nor Lucchesi allowed an earned run during the entire game. Ukiah's first run came in the third inning after Stefani had drawn a base on balls, stolen second and scored on the right fielder's error.

Ukiah's final score came in the sixth inning. Hefte doubled down the left field foul line and scored on the shortstop's error. Ukiah collected only 4 hits from Blackwell—singles by Busch, Lucchesi, Scagliotti and a double by Hefte.

NEW "SILVERSIDES" FLEET NOW SERVING

Latest Greyhound Super-Coaches Assigned to This Area

A fleet of Greyhound's newest buses have been assigned to the route between San Francisco and Portland over the Redwood and Oregon Coast highways. Still more will be put into service in this area as they are received from the factory. This announcement comes from F. W. Ackerman, president of Pacific Greyhound Lines.

De Luxe Models

"These are the famous 'Silversides' models, latest product of Greyhound and General Motors engineers and the designing genius of Raymond Loewy," the bus executive said.

"Embodying the latest ideas in comfort, safety and dependability, these new coaches provide complete relaxation for travelers," he pointed out. "Deep-cushioned mohair seats are scientifically shaped to fit the body and are adjustable at a touch to many different positions. Other improvements include individual controlled-beam reading lights, windows of Solex safety glass that absorbs harsh sun rays, diesel engines with one-third greater horsepower."

Still Finer Buses Coming

"On our planning boards and in our shops, even finer Greyhound buses are taking shape," said Pacific Greyhound's President. "The bus of the future will soon be a reality," he added, "and in the meantime I am sure travelers will appreciate the greatly improved transportation that these new Greyhound Super-Coaches offer right now."

NEW NIGHT SAFETY FEATURE

Scotchlite plastic trim on new Greyhound "Silversides" makes them "glow in the dark." Lights of other cars on the highway are reflected by the thousands of microscopic glass lenses in every square inch of the Scotchlite plastic, although the appearance of the bus in daylight is unchanged. This greatly increases the safety of night driving.

Admiral Standleys Celebrate Golden Wedding Anniversary In San Diego

The 50th anniversary of a wedding performed in Ukiah on May 26, 1898, is being observed in San Diego this week where relatives and friends of one of Ukiah's most famous sons, U. S. Admiral W. H. Standley, and his wife, the former Eva Curtis of Ukiah, have gathered to celebrate their golden wedding.

It was 11 o'clock on that Saturday morning when young Ensign Standley went to the altar wtih one of Mendocino county's most popular young school teachers. Files of old papers do not reveal where the marriage took place, but the Rev. O. S. Barnum officiated in the presence of close relatives and a few friends. The groom had graduated from Annapolis three years before and was then on his way about to become a distinguished naval officer, an acting secretary of the navy and later, ambassador to Russia during the last war.

He is the son of one of the county's best remembered sheriffs, J. M. (Doc) Standley. Among the guests at the golden wedding celebration this week are his two sisters of Ukiah, Mrs. J. A. Jamison and Mrs. Louis Hildreth who left for San Diego Tuesday. Their famous brother who retired from naval service after he was instrumental in getting bay bridge construction approved before the last war, was called back into service and appointed by President Roosevelt as ambassador to Russia in 1942.

He was born in Ukiah December 18, 1872, served in the Spanish-American war and was once presented with a gold sword by Atty. John McNab of San Francisco, another distinguished Ukiahan and his boyhood chum. The Standleys have four children. Among Mrs. Standley's relatives are her sisters, Mrs. C. B. Johnson of San Jose, Mrs. Harry Kister and Mrs. Harry Transue of Richmond, Mrs. Walter Howe and Mrs. Hugo King of Alameda and Mrs. W. Lazarre of San Francisco.

IN MEMORIAM

RUSH MORGAN ANDERSON

Born in Belaire, Ohio, Rush was taken by his parents, John S. and Susan Anderson, at the age of two years to Grand View, Missouri. Here he grew to manhood, going to school and working on his father's large farm.

About the time of reaching his majority, he spent two years working in Butte City, Montana. Returning to Grand View he took over the management of his father's farm until in 1894 he decided to farm on his own and purchased a ranch in Howard county, Missouri. Here he did his first major job of carpentry by building a commodious home of his own.

In 1902, yielding to the persuasions of an older brother, he sold his holdings and came west to the fruit country at Hood River, Oregon, where he made some of the closest friendships of his life.

In the fall of 1907, the renewed urge to till the soil and improve a place of his own led him to Round valley, and here, until his retirement in 1942, he continued to farm and improve his ranch one-half mile north of Covelo.

Here his building of the soil and methods of tilling it gave him the satisfaction of raising the largest pumpkins and watermelons ever grown in Round valley. During these years, too, he built many residences and large barns in the community and it has been said, "These are his monuments."

On June 11, 1923, he married Sadie Rokes McMurray, and together they continued to improve the ranch home and share in the activities of the community.

To his wife, relatives and friends there is another monument to his memory: his characteristic traits of kindness, patience and consideration. Rush had a genius for construction and re-construction, planning and remodeling, but during the time that his hands must needs remain idle there was never a complaint that he could not carry on the work he loved.

When it became advisable to move into Covelo, his main interests were watching passersby and greeting, almost daily, the friends who dropped in to chat with him. To their "How are you?" his answer always was, "Fine." To his wife's queries his reply invariably was: "Quit your worrying, I'm all right."

In his attitude of cheerful acceptance of come-what-may there is a sermon stronger than words; a lesson that will be remembered even by the little children who loved to come and sit near him.

He had rounded out 84 years of a Good Life when his tired heart ceased to beat on the night of April 20, 1948. There remains to revere his memory his wife and one sister, the last of a family of seven, Mrs. Lucy Fuqua of White Water, Kansas, and many nephews and nieces and a wide circle of friends.

Talmage Wins From 'Baker'

Garner 11 Hits During Sunday Game; Score 12-2

The Talmage Sluggers sneaked in a 3 to 2 victory Thursday night over a heads-up Laytonville nine in Ukiah and came through Sunday at Talmage with a 12 to 2 victory over Fort Baker to run their string to 11 games won as against only 2 defeats.

Against Laytonville, Ernie Mosna was on the mound to win his second consecutive twilight encounter, his performance helped put Talmage in the league lead, as Ukiah and Willits were rained out the same evening.

Sunday's game with Fort Baker proved a slaughter, as Talmage rolled over the Fort Baker boys by a 12 to 2 count. Turning in a flossy performance as a new recruit at shortstop, Jimmie Busch impressed the fans as a much better than average prospect.

Mosna led the hitting with 2 for 3, with Laviletta, Guidi and Brazil each collecting 2 for 5.

The Sluggers meet the fast El Cerrito nine at Talmage for a 3-game series next Saturday, Sunday and Monday.

Clarke Is Winner In Palace Tourney

Jack Clarke captured the Oscar in the finals of the Palace Hotel tournament Sunday by defeating Ernie Banker 7 and 5 in the final round.

Until the last match Banker had displayed the ability to turn on the heat when it was needed to win, but Clarke was in rare form and virtually unbeatable, not even needing his 6-stroke handicap, Bob Clark, municipal golf pro, pointed out. The genial golf mentor says that he had personally offered to "grind Jack's axe" in his preparations for future tournament play.

Clarke's scoring in winning the Palace cup showed 89 in the qualifying round, 85 in the first round, 89 in the second, a win by default in the semi-finals and the count of 84 in the winning match. Banker's scores were 84 in the qualifying round, 80 in the first, 83 in the second, 82 in the semi-finals and 85 in the finals.

Ira Whitton won the Palace consolation final round from McGuire on the 19th hole with a birdie three.

The Ladies' Richfield tournament went into the semi-finals with Ellowese Beamer, Helen Manning, Gladys Stickney and Billie Whitton emerging as winners in second round play Sunday. Pairings will be Beamer vs. Manning and Stickney vs. Whitton.

Second round scores were as follows:

Beamer vs. Newell—Beamer won 2 and 1.

Manning vs. Weber—Manning won 5 and 4.

Stickney vs. Fahrney—Stickney won 6 and 4.

Whitton vs. Barbara Cox—Whitton won 6 and 5.

Defeated entries in the consolation round will compete for a prize offered by Mrs. R. C. Clark, with the pairings as follows:

Velma Gibson vs. Audrey Newell.

Charlotte Branson vs. Julia Weber.

Mable Albertson vs. Ramona Fahrney.

Barbara Cox—Bye.

Merchants Beat Lakeport There

Ukiah's Merchants tumbled the Lakeport All Stars from their undefeated standing Sunday at the lake city, deflating them to the tune of a 19 to 8 count. Openshaw on the hill held the opposition without a run for the first five innings, allowing only three hits. Lockhart started the sixth as pitcher and was replaced in the seventh by Kirkland for Ukiah.

The Merchants had a field day at bat. Home runs were hit by D. Myers, Bob Valentini and Lockhart, with a generous sprinkling of men on the bags to hike the Ukiah score.

Next engagement for the locals is at the South State street park Sunday with the Hamilton House club of San Francisco. The same team was known last year as the Cork and Bottle Club nine.

Laytonville Auxiliary Installs Officers

Formal initiation rites installed officers in the new Laytonville American Legion Auxiliary May 21. Past presidents of Lewis White post in Ukiah put on the ritual work. District President Jane Isnard was installing officer and wore a carnation corsage presented her by the new unit.

A Spanish dance by Mesdames King, Runkel, DeKeno, Moore, Isnard, and Sweeney was a feature of the entertainment. Refreshments served were apple pie, ice cream and coffee.

If Water Supply Runs Low Outsiders Will Be "Liquidated"

The possibility of an acute shortage of water this summer before water from the new city well can be brought into city mains, could result in out-of-city users being cut off during the emergency, the city council agreed Monday night.

Questioned by J. H. Penner, building contractor south of the city limits, the council said they could not jeopardize the supply of city taxpayers who own the water system by furnishing water outside the city limits in case the shortage became serious.

They will continue to permit connections to existing mains south of town, but no extensions can be made, according to a resolution to which the present council will adhere. When the shortage is over and the new supply is brought into town, which is estimated will be within 90 days, it will be their policy to supply as many users beyond the city limits as possible, Mayor Forrest Hughes told Penner.

Car Thief Plays Hide and Seek With State Law Enforcement; Still Hunted

Donald Wayne Melugin, erstwhile resident of Los Angeles, is still playing a game of hide and seek with law enforcement authorities which was begun some time back when he allegedly stole a car in the city of the angels and came north.

According to Deputy Sheriff William White, who has the matter in charge at his terminal, Melugin came to Willits about a month ago and has been employed at the White Cottage there for three weeks when the Potter Valley Festival of May 15, 16 came along

With two Willits boys, Melugin set out for the valley town in the Los Angeles car and was almost there when he had a blowout. Borrowing $17 from one of his companions he ostensibly started for Ukiah to buy a new tire, but instead took possession of the Ford car belonging to Jack Gillmore of Potter, and took off.

Deputy Sheriff White went into action as soon as word was passed around that the Gillmore car was missing and after some preliminary investigation set up a road block. White found the two Willits boys at the spot where the Los Angeles car was abandoned and took them in hand for questioning. At Willits White found that his man returned to Willits at 3 a.m. Sunday, but did not tarry.

The road block having failed, a ray of hope came Tuesday with word from the Redding police that they had our man in custody with the Potter Valley car and word was passed back to hold onto him.

Apparently the Redding folks had reckoned without their host. Melugin was never in their custody, but had been spotted at an auto court and when the officers went for him he had already gone away. Since word came that he had been seen at Long Beach Melugin has been swallowed up by silence.

His record shows the man to be a deserter from the navy and that he but recently concluded a Santa Rosa jail sentence for car theft.

Northern California Gets Nationwide Publicity Campaign Put On By R.E.A.

The semi-annual convention of the Redwood Empire Association held in Ukiah Friday was told of a nationwide publicity campaign that is under way to attract summer tourists to northern California.

Clyde Edmondson, R.E.A. general manager, reported on the plans for publicity. Funds for the campaign are available from $25,000 appropriated by the Golden Gate Bridge and Highway District and $48,000 appropriated by the boards of supervisors of the nine counties and chief administrative officer of San Francisco.

Mr. Edmondson said that intensive promotional campaigns were being conducted especially in the Pacific Northwest and southern California.

James F. Lyttle, president of the supervisors' unit, predicted renewed efforts to wreck the state highway planning program in the 1949 session of the state legislature.

He also said that "even with the existing program, the highway commission does not have sufficient funds to finance the elimination of many death traps and hazards."

Date of the annual convention was set for September 20, 21, 22, at Hoberg's resort in Lake county, Mr. Hoberg having been prevailed upon to keep his resort open until that time for the accommodation of the convention.

It was recommended that the association's fiscal year be changed to September 1-August 30, instead of October 1-September 30.

The executive board recommended the establishment of an informal conference of county and district fair managers. This was at the request of the managers who desire to use the machinery of the R.E.A. in setting up and handling the conference. The first meeting of this group will be called during the R.E.A. convention in September.

Continuation of studies and surveys aiming at a comprehensive directional signing programs was recommended in collaboration with the Golden Gate Bridge and Highway District and the state division of highways.

The average domestic air mail piece weighs 59/100 of an ounce.

Vets' Exemption Deadline June 2

Sam Rey, Jr, county service officer warns veteran property owners to file for their $1000 property tax exemption before the June 2 deadline. The legal deadline is the last Monday in May, but this year is postponed two days due to Memorial and election holidays.

The exemption applies to any resident veteran whose total property or that of his wife is less than $5000 and results in substantial savings.

Resident widows, widowed mothers and pensioned widows, fathers and mothers of veterans also may be eligible for the $1000 property tax exemption.

The $1000 exemption is not affected by the recent state supreme court ruling that veterans must pay taxes on the full assessed valuation of homes purchased under the California Veterans Farm and Home Loan Plan.

Norman Johnson Making Friends

Attorney Norman Johnson of Fort Bragg spent some time in Humboldt county during the past weeks and reports that he found the situation there encouraging for him in his campaign for assemblyman from this district, with the same outlook obtaining in Del Norte county.

Attorney Johnson has been putting in a great deal of time throughout the First district, getting acquainted with the outlying sections and their residents. He will be in Ukiah on the evening of May 24 and will appear at the city's Town Hall meeting in the grammar school auditorium, along with other assembly candidates.

TREASURE CHEST WILL END WITH DANCE

American Legion's Treasure Chest contest will close on June 12 with a dance in the Ukiah elementary school auditorium where eight door prizes will include five woolen blankets and three portable radios. Tickets bought for the Treasure Chest will admit guests to the dance without added charge, the committee said this week.

COMPENSATION AWARDED

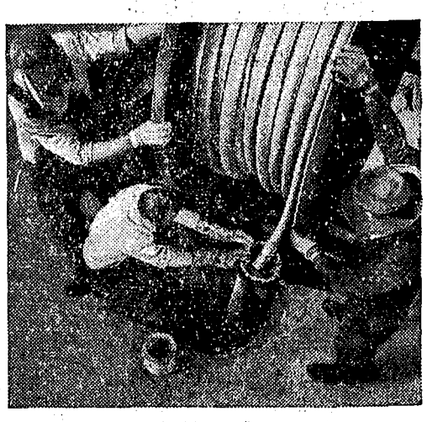
Lillie Slay was awarded $617 compensation by the State Industrial Accident Commission. She injured her left arm in a fall last June while employed as an auto court attendant by the Cypress Auto Court in Ukiah.

what it takes to handle

19 MILLION CALLS A DAY

1. Down the line come telephone instruments...your first link with an amazing system. They're sensitive and complex—but just a small part of the facilities required to connect your home with millions of others—and handle nineteen million calls a day. That's Pacific Telephone's present average. In 1940 it was 11,000,000 calls a day.

2. Intricate switching equipment like this must be practically custom made and installed before telephones can be used. You've probably never seen it...but it's on the job every time you make a call. And there's still more to the story. Land and buildings and other equipment must be provided—all of it's expensive.



3. "Roadways of speech"...telephone lines and cables...have to be ready to carry the calls. There's nearly fourteen million miles of wire now at work in the West...and more is being added every day. Handling more calls than ever in our history keeps all our facilities mighty busy—along with the telephone people who man them.

4. Where does the money come from? Millions of new working dollars...needed to extend and improve service...must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This depends on the sale of our services at fair and adequate prices.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West
